

MIRKA

Mobile.
Flexible.
Practical.

Smart Cart III Workshop Cart

Now even smarter than before!

Mirlon Total holder

Two Mirlon Total holders make pads easily available. Easily fitted and repositioned thanks to magnetic attachment.

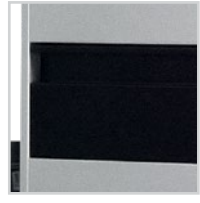

Personal drawer

Smaller drawer for personal items. Allows quick access; lockable

Drawers

Three generous drawers for direct access to materials and tools.

Locking device

Drawers can be locked via a push-rod system.

Goldflex Soft

Integrated compartments for two Goldflex Soft sanding rolls.

Waste bin

Removable waste bin with handle for easy and direct waste disposal.

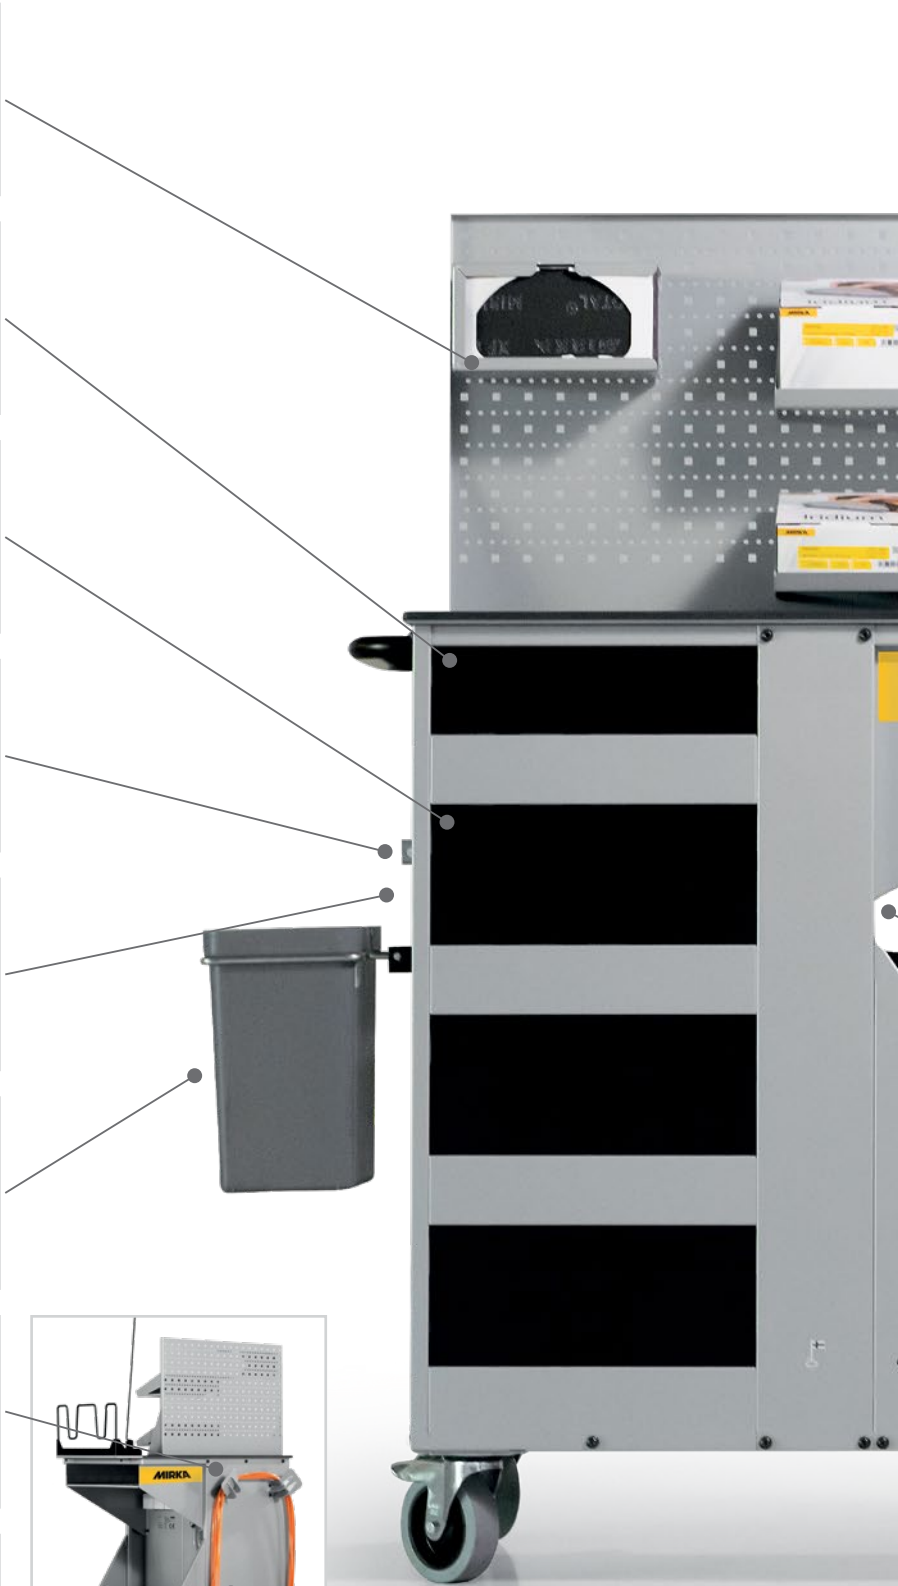

Hose take-up

A special arrangement allows hoses to be wound onto the rear for storage. This ensures no hoses get in the way on the floor when the cart is moved around.

Power/compressed air connection

Direct power and compressed air supply on the rear of the workshop cart, complete with flexible cable (abrasion-proof, excellent tensile strength and cut resistance, resistant to oils, greases, petrol and water).

Reverse

Technical Data

Product code	9193000112
Dimensions	L 118 x W 66 x H 176 cm; fully assembled
Weight empty	approx. 90 kg
Nominal load bearing	100 kg
Mains connection	230 V
Connection rating	3,000 W (max.)

The new Mirka Smart Cart III Workshop Cart is an important element in professional workplace planning. Like its precursor model, it ensures short routes and work processes, as well as optimal access to materials and tools. The mobile work station features connections for power and compressed air, as well as plenty of space for sanding discs, machines and other accessories.

Front

Hose holder

The new practical hose holder picks up hoses from the floor, making work safer.

Storage trays

For vertical placement of full packs. Angled holders improve position for access. Magnetic attachment makes fitting and repositioning easy.

Machine holder

Secure and safe storage and resting position for 2-3 sanders, so that the workplace is logically organised.

File board tray

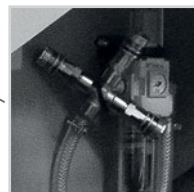

Tray for file boards and strip packs ensures they are stored in an orderly and safe fashion.

Triple socket unit

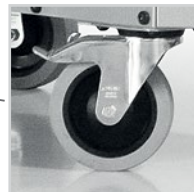

Provides power for multiple devices directly at the workplace.

Compres. air maintenance unit

Pressure reducer with water separator ensures compressed air is dry, clean and delivered at optimum pressure.

Lockable swivelling castors

Excellent mobility even over grates. All four swivelling castors can be locked for secure positioning and preventing the cart from rolling away.
