

# GYSFLASH 18.12 PL

Dual technology : Lead-acid & Lithium

EBS technology :  
perfect balancing of  
the battery cells..

Showroom mode  
18 A

12V	Pb	15 < 270 Ah
12V	LiFePO <sub>4</sub>	7 < 270 Ah

Compact  
IP43 case

## Lead acid

- Liquid / Gel
- AGM / EFB
- STOP / START

## Lithium

(LiFePO<sub>4</sub>)

2 m clamps,  
disconnectable

3 charging currents :  
7 A, 12 A and 18 A

- Intelligent charging without supervision and fully automatic: :  
7 steps (Pb) - 8 steps (LFP)
- Automatic adaptation of the charge to the ambient temperature
- Complete protection of on-board electronics
- High efficiency, 18 A duty cycle at 100% (40°C).
